

## Turn and Stack Containers (Trays)

Ideal for storage and transport of your sterile bags

- ◆ Spacesaving delivery possible and cost-effective return
- ◆ Smooth bottom for quiet run on conveying systems
- ◆ Large corner radius for easy cleaning
- ◆ Easy to carry due to all around U-lip
- ◆ Due to the turn-and-stack-system on top of and into one another stackable
- ◆ Compatible with Europe-pallet
- ◆ Special equipment: Container No. 72 in LLDPE, exceptionally low-temperature impact proof up to  $-40^{\circ}\text{C}$
- ◆ Optional with opening on front side to access tubing (slot)

| Order No.:      | Configuration           | Outside dimensions mm              | Inside dimensions mm | Volume Liter | Material | Weight kg | Recommended Bag Volume normal / frozen |                   |
